

La Martiniere College Lucknow

INNOGEN

THE FOURTH EDITION

10 FEBRUARY 2025

ABOUT LA MARTINIERE COLLEGE, LUCKNOW

La Martinière College was founded in 1845. La Martiniere Boys' College is the only school in the world to have been awarded royal battle honours for its role in the defence of Lucknow and the Lucknow residency during the Indian Rebellion of 1857.

The La Martinière College was, founded by the French adventurer Major General Claude Martin. La Martinière provides a liberal education and the medium of instruction is the English language. The schools cater for pupils from the age of 5 to 17 or 18, and are open to children of all religious denominations, the boys' school has a Chapel, a Hindu Temple and a Mosque on its campus and has remained a non-denominational school since its inception.

The College consists of a magnificent eighteenth-century building, to which other imposing structures have been periodically added. Constantia, the imposing Centre-point of La Martiniere, was designed as a country house of Major-General Claude Martin. He willed that he be buried in the crypt of the building.

LA MARTINIERE INFORMATION TECHNOLOGY SOCIETY

The La Martiniere Information Technology (IT) Society is an esteemed group focused on fostering a passion for technology, coding, and innovation among students. The IT Society Core Team for 2024-25 is led by a skilled group of students who each play a critical role in organizing events, workshops, and projects to enhance students' technical skills.

Under the guidance of Faculty Advisor Mr. Mohammad Aslam and with support from Principal Mr. Gary Dominic Everett, the team aims to inspire and guide students in the field of information technology.

The IT Society's activities include coding competitions, hackathons, workshops on emerging technologies, and collaborative projects. Through these events, the Core Team encourages students to develop skills in programming, problem-solving, and digital creativity. Their dedication contributes significantly to the technical culture within the school, preparing members for future technological endeavors.

INNOGEN 2025

Innogen 2025 is a Scientific and Tech Model Making Event. Commencing in La Martiniere College in 2022, Innogen 2025 is the fourth iteration of the event which is an opportunity to bring the students together in a controlled environment to compete against each other and to recognise each other's talents in the field of model making. The competition are broadly Scientific, Innovative and Model oriented.

INNOGEN 2025

ORGANISED BY

**LA MARTINIERE
INFORMATION TECHNOLOGY SOCIETY**

DETAILS OF THE EVENT:

Team Composition: Each team must consist of 1 to 3 members.

Code Restrictions: The code for the model cannot be AI-generated and will be tested for authenticity.

Originality: Ideas must be original, as creativity will be a key evaluation criterion.

Presentation: Teams will have 2 to 5 minutes to explain their project.

Blueprint Submission: Teams are required to submit the blueprints of their project within 10 days of registration.

JUDGING CRITERIA:

- Creativity
- Originality
- Practical use on a large scale
- Precision

We encourage all interested students to participate in this exciting opportunity to demonstrate their scientific and technological expertise.
